Gary D. Preszler, Commissioner

Fall 2006

School trust lands are open to non-vehicular public access, unless posted with signs furnished free of charge by the State Land Department. Examples of sign options are shown below. People driving on school trust land or otherwise damaging school trust land or the lessee's property should be asked to leave. The general public must respect the land, improvements and livestock. Only the lessee(s) and State Land Department personnel are authorized to drive on school trust lands and then for management purposes only. Signs must be renewed annually. If you have any questions, please contact Jerry Saude at 701-328-2800.

If you have any questions, please call the State Land Department in Bismarck at 701-328-2800.

**CLOSED SIGN:** Please give careful consideration to the date you expect to remove the livestock from school trust land and use that date as your end date if you are requesting "Closed" signs. Cattle are normally taken out of pastures by the time the water freezes, and we can't approve requests for "Closed" signs with an end date of 12/31/06 without further explanation. **No one may hunt "Closed" tracts, including the lessee.** Closure of school trust lands is at the Commissioner's discretion. "Closed" tracts will be inspected in early November. Please allow a minimum of two weeks to receive these signs.
